## You will receive:

- ▶ FREE training in practical maths, understanding how to use money, measurements and the metric system.
- ▶ Help with maths for living a healthier and greener life, such as planning diets and reducing fuel bills
- ▶ Nationally recognised qualifications when you finish your courses.
- ▶ Teaching in small groups, with lots of one to one support. You can start classes at any time.
- ▶ Help with looking for work or a college course from a professional adviser.
- ▶ CV writing help, interview skills practise and other training to help you improve your employment skills.
- ▶ Access to job opportunities unique to Red Kite Learning. We work with over 1000 employers to create suitable job and work placement opportunities.
- ▶ Travel and childcare costs paid on the days of your classes and for the first month in a new job or course.
- ▶ Help with clothes and equipment needed to move into work

**You can start anytime at 3 centres based in  
Borough, Waterloo and Wandsworth.**
